## Introduction

Our sliding doors systems will provide an interior storage solution for every application.

With both steel and aluminium frames in 17 colours and stock glass and MFC panels colours in 42 varieties, we are certain of our ability to provide the best quality products tailored to your individual preference.

Dual sided profiles allow us to provide room partition and pocket door solutions in addition to having the ability to produce angled doors ideal for loft or barn conversions.

Our sliding doors are all made to measure and as such come with a 10 year warranty. \*

S100

Frosted mirror

## Glass colours and finishes

Although we can accommodate requests for the majority of glass colours and specialist glass products currently on the market, we have selected the following to create our standard range.

We believe this range offers a comprehensive choice and as such requests for glass not included in this range will attract a modest surcharge.

## Panel colours

We have carefully selected our panel range to match our wood grain finished steel frameworks. However as with our glass range we have access to panels from all major manufactures and as such if doors are required to marry with furniture made in a specific board we are happy to oblige. (Surcharge applies)
